

Important Reminders for TRS Retirees and Beneficiaries

Report Deaths Promptly:

Please report all deaths of TRS retirees and beneficiaries as soon as possible to avoid potential disruptions and/or overpayment situations. Timely reporting assists in distributing eligible benefits more quickly, while also helping to ensure the fiscal stability of TRS. Please refer to the “Report a Death” section on our website: <https://www.trsga.com/contact-us/notification-of-death/>.

Update Contact Information:

In order to receive important updates and notifications from TRS, please ensure that you keep your email address and contact information current. This can be done by logging in to your online TRS account or by contacting us by phone.

Set Up and Update EFT Payment Information

Set up or update your EFT payment information to receive your benefits securely and promptly. If you already have EFT, make sure your banking details are current to avoid any disruptions in your benefit payments.

Health Insurance Inquiries

Please note that TRS does not administer healthcare benefits. All inquiries concerning health insurance matters should be directed to the State Health Benefit Plan (SHBP) at (800) 610-1863 or <https://shbp.georgia.gov/> or the Board of Regents Health Plan (BORHP) at <https://benefits.usg.edu/> or (844) 587-4236.

Working After Retirement

For retirees planning to work after retirement, please review the retiree section of the TRS website for working after retirement rules. Or, you may speak directly with a representative by contacting TRS via telephone. Understanding and following these rules is critical to being compliant with Georgia law and avoiding potential overpayment situations.

Stay Informed and Stay Connected!

Your proactive engagement helps us serve you better. Sign up for your TRS online account on our website, check out the *Your Retirement in Focus* podcast, and connect with us on social media: @TRSGeorgia.
